## DETAILED ACTION

### *Election/Restrictions*

1. Restriction is required under 35 U.S.C. 121 and 372.

This application contains the following inventions or groups of inventions which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

In accordance with 37 CFR 1.499, applicant is required, in reply to this action, to elect a single invention to which the claims must be restricted.

**Group I, claims 27-39**, drawn to a catalyst composition.

**Group II, claims 40-41 and 49-50**, drawn to a process for preparing a catalyst (process of making #1).

**Group III, claims 42-48**, drawn to a process for preparing a catalyst (process of making #2).

**Group IV, claim 51**, drawn to hydrocarbon conversion processes of saturated hydrocarbons (process of use #1).

**Group V, claim 52**, drawn to hydrocarbon conversion processes of unsaturated hydrocarbons (process of use #2).

2. The inventions listed as Groups I-V do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features for the following reasons: The catalyst of Group I, the special technical feature which links the claims of Groups I-V, is anticipated

or rendered obvious by EP 0 584 415. Therefore, because the special technical feature which links the claims of Groups I-V does not define a contribution over the prior art, unity of invention among the groups is lacking.

3. A telephone call was made to Mr. Benoit Castel on November 1, 2002 to request an oral election to the above restriction requirement, but did not result in an election being made.

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

4. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
